

SC-08 WHITE

B08625

DESCRIPTION

Compact but powerful 8" coaxial speaker cabinet - White finish

FEATURES

- The SC-08 is a compact, trapezoidal and very powerful "point source" speaker suitable for a wide range of applications.
- It features a high-quality custom 8" coaxial speaker with Neodymium magnet and 1.45" (voice coil: 1") compression driver.
- The passive 2-way crossover is fitted with only the best audio components available so that under all circumstances a perfectly flat frequency response, without phase errors, is produced.
- The carefully tuned and resonance free bass reflex cabinet is made of 1st choice Baltic birch plywood and finished with scratch free black textured Polyurea.
- This cabinet has a 90° circular dispersion pattern, free of phase errors, which allows it to be quickly and easily adapted to a wide range of applications, without the need for extra tuning.
- For many applications the 123dB maximum SPL and the 70-20.000Hz frequency range are more than sufficient. By adding one or more subwoofers from the SQ range it is also perfectly possible to build a very powerful but visually discreet full range sound system.
- The rich connection and hanging possibilities make this loudspeaker very attractive for rental companies looking for maximum flexibility:
 - The 4pole Speakon in/outputs, combined with a 8ohm impedance and the ability to easily switch between the +/-1 and +/-2 Speakon connectors, makes it possible to connect multiple SC-08 in series via one 4-wire speaker cable.
 - The SC-08 fits standard on a 35mm speaker stand but can also be fitted with an optional U-shaped mounting bracket.
 - Mounting points are also provided to quickly attach the SC-08 to ALU trusses using standard omega brackets.
 - The clever design makes the SC-08 perfect for use as a compact stage monitor as well.
- Standard available in black or white finish.
- Speaker power: 300Waes (recommended amplifier: 600Wrms).
- Four SC-08 speakers with U-brackets and omega brackets can be transported in the optional flight case.
